

Geodesy and Geomatics Engineering Graduate Seminar Conference

E-11

Thursday, November 29, 2007

01:00 Opening Remarks

Session 1 Remote Sensing, GIS and GPS

Chair: Liliána Sůkeová

01:05 Toward's Improving Segmentation of Very High Resolution Satellite Imagery
Ben Alexander Wuest

01:25 Mapping and documenting the First Nations traditional activities in Grand
Lake Meadows
Stephen Hibbert

01:45 Functional and stochastic modeling of distortion in geodetic reference
frames
Felipe G. Nievinski

02:05 Establishment and maintenance of a new real time geospatial frame -
TZRF10 for Tanzania
James Mtamakaya

02:25 **Reception**
