

We're looking for Geomatics Engineers.

We are a multidisciplinary firm that enjoys taking on new challenges. There is great potential in North Eastern British Columbia and opportunities to develop a fulfilling career here.

Our company is expanding further and have permanent positions available for Geomatics Engineers.

We are looking for graduates of a diploma or degree program in geomatics / surveying. Summer students are encouraged to apply as well. Wages are based on experience and will be determined through discussion.

The position involves working in a fast paced environment; both in the office and the field. You will work with our Professional Land Surveyors to prepare a job and see it through to completion being involved in all aspects of the project. We utilize the latest equipment and are innovative in our approach to improve our service to our clients.

We offer a great work environment and prospects within the company. Please contact us or have a look at our website for more information: www.tryongroup.ca
