Dr. Cheryl Fraehlich has been awarded a one-year renewal of her fellowship under the Canadian Observatory Postdoctoral Fellowship Program. In 2008 Cheryl graduated from the Individual Interdisciplinary PhD program with the Departments of Social Work, Family Social Sciences, and Sociology at the University of Manitoba. Her position as a postdoctoral fellow began in September 2008 under the supervision of Dr. Jane Ursel at RESOLVE at the University of Manitoba. Cheryl's research involves the use of two longitudinal data sets to explore the outcomes of justice system interventions in cases of intimate partner violence and women's experiences and perceptions of their involvement with the criminal justice system in relation to their experiences of abuse.
